

# Everflux

Superconcentrated Antiscalant

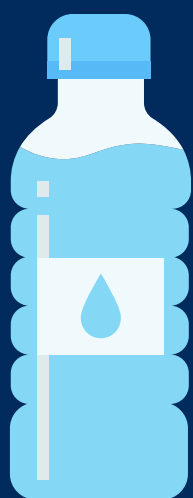

Less Goes a Long Way

## ECONOMIC & ESG BENEFITS

This range of products are **much more concentrated** than regular antiscalants thus represent significant reductions in shipping, packing & storage costs and CO<sub>2</sub> emissions.

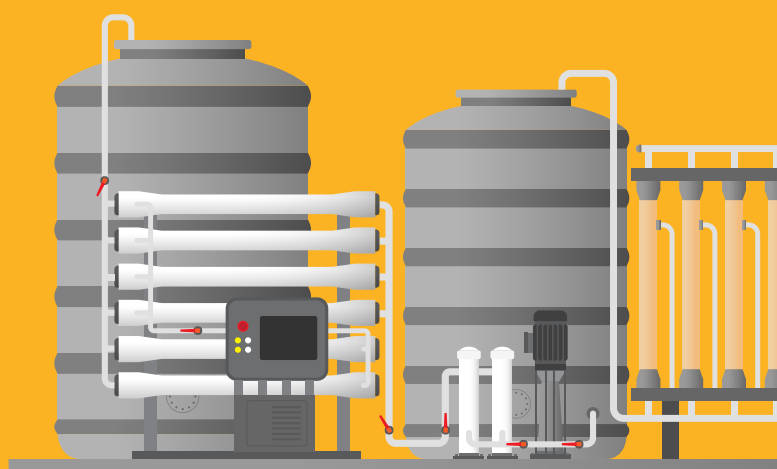

## NSF/ANSI certified and REACH compliant

Everflux superconcentrated antiscalant is certified by NSF to NSF/ANSI Standard 60 and is REACH compliant.

## SMALL QUANTITIES, MASSIVE RESULTS!

AWC superconcentrated antiscalants are highly effective in low doses making it economical, efficient and ensures the smooth operation and longevity of your RO system.

## ACRYLATES-FREE FORMULA

Product does not contain acrylates, making it safer for handling and the environment.
